KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

1 Corporate Information

Kerala State Backward Classes Development Corporation Ltd, herein after referred to as the Company is a Government Company Registered under the Companies Act, 1956 with 100% shares held by the Government of Kerala. The Company was incorporated in the year 1995 for giving loans to the people who belong to backward and minority communities and is a Non-Banking Finance Company registered under Section 45-IA of the Reserve Bank of India Act, 1934.

2 Basis of preparation & material accounting policies

The Financial Statements of the company have been prepared in accordance with Ind AS notified under the companies (Indian Accounting Standards) Rules 2015 as amended from time to time and notified under section 133 of the Companies Act 2013 (the Act) along with other relevant provisions of the Act and The Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023.

The Financial Statements are prepared on a going concern basis as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.1 Presentation of Financial Statements

The Balance Sheet, the Statement of Changes in Equity and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division III to Schedule III to the Companies Act, 2013 ("the Act") applicable for Non-Banking Financial Companies ("NBFC"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified accounting Standards and directions issued by RBI or other regulators.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only where Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognized amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis where ever permitted by Ind AS.

All assets and liabilities have been classified as Financial and Non – Financial as per the relevant IND AS. Assets and Liabilities are not classified as current and non-current in line with Division III to Schedule III of Companies Act 2013.

2.2 Functional and presentation currency

These financial statements are presented in Indian rupees (INR) which is also the Company's functional currency. All accounts are rounded-off to the nearest lakh with two decimals, unless otherwise stated.

2.3 Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognised in the periods in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognised prospectively in the period in which the estimate is revised and future periods.

In particular, information about material areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

i) Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

ii) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan & earned leave and the present value of the gratuity & earned leave obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

iii) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

iv) Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

v) Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

vi) Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

2.4 Basis of measurement

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain financial instruments which are measured at fair values as required by relevant Ind AS.

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

2.5 Fair value measurement

Fair value is the price that would be received against sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place in the accessible principal market or the most advantageous accessible market as applicable.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

2.6 Summary of Material Accounting Policies

2.6.1 Property, Plant and Equipment and Intangible Assets

- i) Property, Plant and Equipment are stated at cost less depreciation. Costs comprise of cost of acquisition, cost of improvements and any cost attributable for bringing the asset into the condition or situation of its intended use.
- ii) An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.
- iii) Depreciation has been provided on written down value method on all Property, plant and equipment in accordance with Schedule II of the Companies Act, 2013. In respect of assets added/ disposed of during the year, depreciation is charged on pro-rata basis with reference to the date of addition/ disposal.

Estimated useful life of assets is as follows:

Category of PPE	Useful Life
Building	30 years
Computers And Data Processing Units	3 years
Electrical Fittings	10 years
Electrical Equipment	10 years
Furniture And Fixtures	10 years
Intangible Assets	5 years
Motor Vehicles	8 years
Office Equipment	5 years

- iv) The Company recognizes internally generated intangible assets when it is certain that the future economic benefit attributable to the use of such intangible assets are probable to flow to the Company and the expenditure incurred for development of such intangible assets can be measured reliably. The cost of an internally generated intangible asset comprises all directly attributable costs necessary to create, produce, and prepare the asset to be capable of operating in the manner intended by the company.
- v) Assets acquired out of Grant in Aid which are adjusted against Grant received in the year itself and is shown at nominal value of Rs. 1.00 for each asset and no depreciation is charged in respect of these assets.
- vi) Capital work in progress comprises the cost of PPE that are not ready for intended use at the reporting date

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

2.6.2 Leases

The Company follows Ind AS 116-Leases for accounting for contracts which are in the nature of leases.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The right-of-use assets are depreciated using the straight-line method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the Statement of Profit and Loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.6.3 Impairment of Non-Financial Assets

Carrying amount of assets is reviewed at each balance sheet date based on the indications of impairment, which comprises of both internal and external factors. The assets are treated as impaired when the carrying amount of the assets exceeds its recoverable amount and such impairment loss is charged to Statement of Profit and Loss account in the year in which such impairment is identified. The impairment loss recognized in prior accounting period(s) is reversed to the extent of decrease in the impairment loss.

2.6.4 Financial Instruments

A. Financial Assets

(i) Recognition of financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instruments.

(ii) Initial measurement of financial instruments

All financial assets and financial liabilities are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value, as appropriate, on initial recognition except in the case of financial assets and financial liabilities recorded at fair value through profit or loss (FVTPL) where the transaction costs are recognized immediately in Statement of profit or loss.

A financial asset and a financial liability is offset and presented on a net basis in the balance sheet when there is a current legally enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

(iii) Classification & subsequent measurement

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the Company classifies and measures financial assets in the following categories:

- (a) Amortised cost
- (b) Fair value through other comprehensive income ('FVOCI')
- (c) Fair value through profit or loss ('FVTPL')

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

Financial assets carried at amortised cost

The Company measures its financial assets at amortised cost if both the following conditions are met:

- The asset is held within a business model of collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

After initial measurement and based on the assessment of the business model as asset held to collect contractual cash flows and SPPI, such financial assets are subsequently measured at amortised cost using effective interest rate (EIR) method. Interest income and impairment expenses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in Statement of profit and loss.

Financial assets carried at FVOCI

The Company subsequently classifies its financial assets as FVOCI, only if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the nature of portfolio, the period for which the interest rate is set and other factors which are integral to a lending arrangement.

Financial assets carried at FVTPL

Financial assets, which do not meet the criteria for categorization as at amortized cost or as FVOCI, are measured at FVTPL. Subsequent changes in fair value are recognized in Statement of profit and loss. Net gains and losses, including any interest or dividend income, are recognized in Statement of profit and loss.

The company reviews the credit quality of its loans based on the ageing of the loan at the period end. There is no significant credit risk of any individual customer that may impact adversely, and hence the Company has calculated its ECL allowances on a collective basis.

B. Financial Liabilities & Equity Instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company is recognized at the proceeds received, net of directly attributable transaction costs.

Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL, if it is held-for-trading or it is a derivative or it is designated as such on initial recognition. However, financial liabilities classified as 'financial liabilities at amortised cost' are subsequently measured at amortised cost. Interest expense and other gains and losses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in Statement of profit and loss.

2.6.5 Impairment of Financial Assets

Expected credit losses ('ECL') are recognized for applicable financial assets held under amortized cost.

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1'. Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is objective evidence of impairment are considered to be in 'stage 3'.

Financial assets (and the related impairment allowances) are written off in full, when there is no realistic prospect of recovery. The Company may apply enforcement activities to certain qualifying financial assets written off.

The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience.

Treatment of the different stages of financial assets and the methodology of determination of ECL

1) Credit Impaired (Stage 3)

The Company recognizes a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily with respect to-

- a) Contractual payments of principal and/or interest are past due for more than 90 days
- b) The loan is otherwise considered to be in default

Loan accounts where principal and/or interest are past due for more than 90 days along with all other loans of such customer, continue to be classified as stage 3. Life time ECL is provided for Stage 3 assets.

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

2) Significant Increase in Credit Risk (Stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure. However, unless identified at an earlier stage, any overdue of more 30 days and up to 90 days during the life of the asset is considered as an indication of financial assets to have suffered a significant increase in credit risk. The default risk is assessed using PD (probability of default) derived from past behavioural trends of default across the identified homogenous portfolios. Life time ECL is provided for Stage 2 assets.

3) Without significant increase in credit risk since initial recognition. (Stage 1)

A financial asset is considered to not have any significant increase in credit risk since initial recognition if it is not overdue for a period up to 30 days. ECL resulting from default events that are possible in the next 12 months are recognized for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioural trends.

Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD.

- a) Determination of PD is covered above for each stage of ECL
- b) EAD represents the expected balance at default taking into account the repayment of principal and interest from the Balance Sheet date to the date of default together with any expected drawdowns of committed facilities
- c) LGD represents expected losses on the EAD given the event of default taking into account among other attributes the mitigating effect of collateral value at the time it is expected to be realized and the time value of money

2.6.6 Revenue Recognition

- (i) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective interest rate applicable. For credit impaired financial assets the interest is accrued net of allowance for expected credit losses.
- (ii) Any other income such as interest on SB, Short –Term Deposits etc. are also recognized on accrual basis.
- (iii) The Company has also recognized Pre-Fixed Interest i.e.: - the interest which is cumulated between instalments, for loans which are disbursed over multiple instalments till the date of fixing the EMI as per Ind AS.
- (iv) Penal interest is accounted on receipt basis.
- (v) Fees and Commission is recognised in accordance with the terms of the relevant contracts/agreements and when it is probable that the company will collect the consideration.

2.6.7 Grant In Aid

Grants sanctioned by Government or the channel partners for programmes undertaken for the development of the target group are recognized in the Statement of Profit and Loss Account as income and matching expenses are disclosed separately in the profit and loss account. Unspent grants and grants received in advance are taken to other financial liabilities. Grants receivable as compensation for expenses incurred in a previous accounting period are recognised in the profit and loss account of the period in which it becomes receivable.

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

2.6.8 Employee Benefits

1) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and allowances, etc. are recognized in the period in which the employee renders the related service.

2) Defined Benefit Plans: Leave Encashment & Gratuity

The present value of the obligation under such defined benefit plans are determined based on actuarial valuation. The fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on a net basis.

Re-measurement gains and losses on net defined benefit liability/ assets are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising of current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

3) Defined Contribution Benefits: Provident Fund

Retirement benefit in the form of provident fund, is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

2.6.9 Finance Cost

Finance costs include interest and other ancillary borrowing costs. It also includes guarantee commission paid to the Government of Kerala for providing guarantee for the corporation's borrowings. Finance costs are charged to the Statement of Profit and Loss.

2.6.10 Taxation

Provision for income tax has not been made in the accounts as the income of the Corporation is exempt under section 10(26B) & 10(26BB) of the Income Tax Act, 1961. Consequently the Indian Accounting Standard 12 on Income Taxes issued by the Institute of Chartered Accountants of India on deferred taxes is not applicable to the Corporation.

2.6.11 Provisions, Contingent Liabilities, and Contingent Assets

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed by way of notes to the balance sheet. Provision is made in the accounts in respect of those contingencies that are likely to materialize into liabilities after the year-end, until the finalization of the accounts that have material effect on the position stated in the balance sheet.

Contingent assets are recognized in the financial statements where there is certainty and documentation in support of the same

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

2.6.12 Books of Accounts in electronic mode:

The Corporation has online in-house software 'BCDC Online' to monitor its lending business all over the State of Kerala. The statutory financial books of account are maintained with the aid of Tally Accounting Software in the Head Office and Branches of the Corporation. Back-up of the books of account and other books and papers of the company maintained in electronic mode are kept in servers physically located in India on a periodic basis.

2.6.13 Statement of Cash Flows

Cash flows are reported using indirect method as permitted under Ind AS 7, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash and cash equivalent shown in the financial statement exclude items which are not available for general use as on reporting date.

2.6.14 Earnings per share

Basic Earnings per equity share are calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares. Diluted Earnings per equity share are calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares outstanding.

5.1 Crafts Village

The Govt. of Kerala had decided to set up a CRAFT VILLAGE at 5.1 acres of land of Survey number: 422 (1 to 9), Block Number 35: 11 Ward of Kannambra Village, Kannambra Panchayath, Palakkad district and gave a provisional sanction under KIIFB project vide order no. G.O.(Ms)10/2018/BCDD dated 10-12-2018. The Company was selected as the Special Purpose Vehicle for the project and KITCO Ltd prepared the DPR with an estimated cost of Rs 3,480 Lakhs. A resolution dated 17/02/2017 has been passed by Kannambra Panchayath to grant land under ward no 11 in Chillaparamb for the project. The Company had paid Rs. 38.67 Lakhs as the cost of preparation of the DPR to KITCO Ltd. KIIFB had issued approval and funding sanction and was directed to proceed with the work. However, District Collector of Palakkad, sent a report to Revenue Department stating that since the the Company is not a service department of the Government ownership and control of the land cannot be transferred without charging the market price. Further actions on implementation of Crafts Village Project can be initiated only after transfer of ownership of the land to the Company.

As per letter no. RE2/246/2023-LSGD dated 07-06-2024, Project viability report is pending to be submitted to the government for transfer of ownership of land.

- 5.2 Construction of building in Kollam is treated as claim receivable as the work has been suspended and the information relating to completion schedule and any overrun of time / cost exceeding initial estimates is not ascertainable at this stage due to practical difficulties. Refer Note 31 for more details.

	1,294.34	1,336.14

13.1 Subsidy received will be credited to the loanees account on last year of repayment period.

13.2 Where the Corporation receives an amount in excess than what is required at the time when such loan is closed, then the Corporation, after scrutinizing such payment so received, being satisfied, intimate the concerned person to collect such excess payment from the company within a stipulated period and even in cases where they become late for such collection, the company releases the payment to them as and when they made the demand.

13.3 As per the Government order dt. 10th February 2021 G.O.(P)No.27/2021/Fin, salaries and allowance of government employees were revised with retrospective effect from 1st July 2019 as per the recommendations of 11th Pay commission. The Board of Directors on their meeting held on 4th June 2021, approved the revision of the salaries and allowances of the company's employees in line with the increase recommendation by the above government order. The increase of salaries and allowance will be disbursed to employees subject to approval of Government of Kerala.

The company had not created provision for the retrospective revision of salaries and allowance in the earlier years. During the year the company has restated previous year figures to give effect to the retrospective revision of salaries and allowance based on estimates of the management. The estimated effect of such pay revision is given below:

Financial Year	Amount (In Lakhs)
2019-2020	58.07
2020-2021	91.34
2021-2022	134.79
2022-2023	129.64
2023-2024	142.59
Total	556.43

CIN - U75122KL1995SGC008705

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2024

17.1 Share Application Money pending allotment

The delay in share allotment of Rs. 113.80 lakhs in the previous year was due to a delay in receiving government sanction for increasing the authorized share capital. The authorized share capital was subsequently increased and approval for the share allotment was received from the ROC on 25th April 2023.

17.2 General Reserve

General reserve is created through annual transfer of profits after appropriations to Statutory Reserve as per 45-IC of the RBI Act 1934, Transfer to BCDC Loan Distress Relief Fund Special Reserve and Transfer to Impairment Reserve

17.3 Statutory Reserve as per 45-IC of the RBI Act 1934

Statutory reserve represents reserve fund created pursuant to Section 45-IC of the RBI Act, 1934 through transfer of specified percentage of net profit every year before any dividend is declared. The reserve fund can be utilized only for limited purposes as specified by RBI from time to time and every such utilization shall be reported to the RBI within specified period of time from the date of such utilization.

17.4 BCDC LDRF Special Reserve

BCDC LDRF Special Reserve is maintained for addressing the loanees in distress due to death/ incapacitation of loanees. During the current year, Rs. 281.39 lakhs were adjusted against the dues of 270 loanees (Previous year Rs.219.94 lakhs for 222 loanees). The BCDC LDRF Reserve is prepared in general by transferring 2/3 part of the processing fee in the case of new loans except self employment loans above 10 lakhs and in the case of self employment loans above 10 lakhs, 1/3 of the processing fee is earmarked to LDRF Reserve. Processing fee charged on the micro credit scheme and Ente Veedu Scheme is excluded.

In respect of processing fees, the fee collected upfront is segregated as 2/3d towards LDRF fund and transferred to LDRF Special Reserve. The balance 1/3rd of the fee is recognised upfront as income instead of amortisation under effective interest rate method as per Ind AS 109 since the impact is not considered as material in nature by the management.

17.5 Impairment Reserve

As per Prudential Floor for ECL as per 2(b) & (c) Annex to RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 Circular dated 13th March 2020, where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), NBFCs/ARCs shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'. The balance in the 'Impairment Reserve' shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision, RBI. The requirement for 'Impairment Reserve' shall be reviewed, going forward.

17.6 Interim Dividend paid

Dividend of Rs.600 lakhs relating to the FY 2021-22 was declared and paid during the FY 2023-24 to Government of Kerala based on the directions of Government of Kerala vide Government Order G.O.(P) No.61/2023/Fin dated 23.06.2023.

Note

- (a) The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting years
- (b) The defined benefit plans are exposed to a number of risks. Most significant risks being asset volatility, change in bond yields, inflation risk and life expectancy. Any change in the assumptions will cause a change in the plan liabilities and plan investments.
- (c) The estimates of future salary increases, considered in actuarial valuation, take in to account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- (d) **Gratuity Provision for contract employees**
Gratuity payable for contract employees is estimated based on number of years of service and consolidated pay per month on an undiscounted basis

27.6 Notes on Restatement of balances due to Prior period errors

a) **Pay Revision Arrears:**

As per the Government order dt. 10th February 2021 G.O.(P)No 27/2021/Fin, salaries and allowance of government employees were revised with retrospective effect from 1st July 2019 as per the recommendations of 11th Pay commission. The Board of Directors on their meeting held on 4th June 2021, approved the revision of the salaries and allowances of the company's employees in line with the increase recommendation by the above government order. The increase of salaries and allowance will be disbursed to employees subject to approval of Government of Kerala.

The company had not created provision for the retrospective revision of salaries and allowance in the earlier years. During the year the company has restated previous year figures to give effect to the retrospective revision of salaries and allowance based on estimates of the management. The estimated effect of such pay revision is given below:

Financial Year	Amount (in Lakhs)
2019-2020	58.07
2020-2021	91.34
2021-2022	134.79
2022-2023	129.64
2023-2024	142.59
Total	556.43

b) **Grant in Aid:**

As per Ind AS 20 government grants shall not be recognised until there is reasonable assurance that the entity will comply with the conditions attaching to it and the grant will be received. The Company received a Grant of Rs 10 lakhs in Financial year 2022-23 for the expenditures (Capital expenditure 5 lakhs, Revenue expenditure-5 lakhs) incurred in Financial Year 2021-22 and was recorded as financial liability for the year ended 31st March 2023. The company had full filled all conditions relating to the grant including submission of utilisation certificate in FY 2022-23. Accordingly, the previous year figures for the year ended 31st March 2023 have been restated to recognise 5 lakhs received towards revenue expenditure as income and balance 5 lakhs received towards Capital expenditure is reduced from Property Plant and Equipment and depreciation is reworked accordingly.

c) **Provision for Earned Leave:**

The Actuarial Valuation report for Earned leave obtained for the Financial year 2022-23 did not consider the payment of Rs.91 lakhs made during the financial year ended 31st March 2023. The company has obtained revised actuarial valuation for financial year 2022-23 in the current year after giving effect to the payment of Rs.91 lakhs. The previous year figures are restated based on the revised actuarial valuation report.

d) **Provision for Gratuity:**

The Actuarial Valuation report for Gratuity obtained for the Financial year 2022-23 did not consider the payment of Rs.2.17 lakhs made during the financial year ended 31st March 2023. The company has obtained revised actuarial valuation for financial year 2022-23 in the current year after giving effect to the payment of Rs.2.17 lakhs. The previous year figures are restated based on the revised actuarial valuation report.

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2024

28 BCDC Loanees Distress Relief Fund

The Corporation has set up a fund styled 'BCDC Loanees Distress Relief Fund' to meet any future contingencies that may arise out of death or accidental disablement of the loanees. The Fund is raised out of one-time marginal contribution from the beneficiaries, appropriation of a certain portion of the annual profits of the Corporation as determined by the Board of Directors of the Corporation from time to time, and out of possible contributions from Related Parties. The reserve is not represented by any earmarked investments.

- 29 In the opinion of the Directors, the Current Assets, Loans & Advances have the value as stated in the balance sheet if realized in the ordinary course of business.

30 Segment Reporting

The Corporation has only one reportable business segment which is providing finances at concessional rate of interest to eligible persons belonging to the backward classes and minority communities of Kerala State. Accordingly, no separate disclosures of segment information have been made as per Accounting Standard Ind AS-108 "Operating Segments" issued by the Institute of Chartered Accountants of India.

31 Claim Receivable from Hindustan Prefab Ltd

Landed Property of extent 4.05 acres was allotted on lease at Kollam Village (Resurvey 2), in Kollam Taluk of Kollam District for the construction of KSBCDC Kollam District Office vide GO (Ms)No.360/14/Rev dated 20/08/2014. Hindustan Prefab Ltd was engaged by the company for the construction of Kollam office building at a cost of Rs.198 lakhs, sanction accorded by the Govt. As per the order, lease rent of Rs 0.93 Lakhs per annum was payable for the financial years from 2013-14 to 2015-16.

An amount of Rs 34.50 lakhs were already spent against the construction of basement of office building. Accordingly, Hindustan Prefab Limited completed the basement work of the building on the above-mentioned property. However, as the land allocated came under the park and open space of the Kollam Development Master Plan, stop memo was issued from the Kollam Municipal Corporation pointing out the violation of KMBR Rules.

As per the govt order (No.36/2020/LSGD) dated 06-05-2021, the dispensation was granted by the Govt of Kerala and permit was issued and the building was allowed to be constructed at a revised estimate of Rs 164 lakhs with a maximum coverage of 40% of the land. A new agreement was entered with Hindustan Prefab Ltd with above mentioned revised terms as on 19-05-2021. However, Hindustan Prefab Ltd could not resume the work and the agreement with the company was terminated as on 29-05-2022. Hindustan Prefab Ltd. has returned Rs.9.80 lakhs on 15th July 2022 after deducting the cost for the basement work. The Board of Directors has decided to take legal steps against the company. Request has been made to the PWD Executive Engineer to determine the value of the construction work done. The Board of Directors has decided to engage Kerala State Housing Board to resume the construction work of the Kollam office building.

At this stage, no technical assessment was formally conducted by engineers of the management in order to evaluate whether the existing cost incurred can result in value addition to buildings and steps are under process for due evaluation of the project and currently is classified as project under suspension. Based on final technical evaluation under the supervision of the board of directors, decision shall be made in the accounting treatment and hence according to the management, no change in classification is necessary as compared to previous year.

As per the letter (No. DCKLM/7736/2020-L2) from the district collector, Kollam dated 18-09-2021, below demand was raised with respect to lease rent for the above-mentioned property for the period from 2016-17 to 2021-22.

Arbitration claim filed U/s 23 of Arbitration and Conciliation Act, 1996 before the honourable Arbitrator V Bhaskaran (Rt Judge), total claim of Rs.80.05 Lakhs with interest at 12% due from 29/05/2022 till realization from the respondent, Hindustan Prefab Kollam.

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

CIN - U75122KL1995SGC008705

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2024

(Amount in Rs. Lakhs)			
Year	Actual lease as per the existing market value	Amount Remitted	Amount to be paid by the lessee
2016-17	1.40	0.93	0.47
2017-18	1.40	0.93	0.47
2018-19	1.61	0.93	0.68
2019-20	1.78	0.93	0.85
2020-21	1.95	-	1.95
2021-22	1.95	-	1.95
	10.09	3.72	6.37

Against the above demand, the company requested vide letter no 2758/E2(E3)/2015, dated 16-05-2022 to Backward Classes Development Department to waive the lease rent and transfer the ownership of the land in the name of the company, to avoid the difficulties faced in the renewal of lease agreement in every three years. The company has provided for this amount in the Financial Statements.

32 Date of approval of financial statements

Financial Statements as per INDAS including Balance Sheet, Profit & Loss Account, Cash Flow Statement, Statement of Changes in Equity, Significant Accounting Policy and Notes for the FY 2023-24 thereon has been approved by the Board of Directors in its meeting held on 27/03/2025.

33 Details of related party transaction with Key Management Personnel (KMP)

As per Ind AS-24, Related Party Transactions, disclosures issued by the Institute of Chartered Accountants of India there are no transactions to be reported except for compensation paid to Key Managerial Personnel

Key management personnel are those individuals who have the authority and responsibility for planning and exercising power to directly or indirectly control the activities of the Company or its employees. Accordingly, the Company considers any Director, including independent and non-executive Directors, to be key management personnel for the purposes of Ind AS 24 – Related Party Disclosures.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2024

34 Rights-of-use assets

As a lessee, the Company's lease asset class consists of office premises. The office premises taken on lease for period of upto one year is categorised under short term lease and hence no right-of-use assets has been recognized.

(i) Amounts recognized in the Balance Sheet

(Amount in Rs. Lakhs)

Particulars	As at 31st March 2024	As at 31st March 2023
(a) Right-of-use assets (net)	91.61	148.19
(b) Lease liabilities	73.51	122.64
(c) Additions to the Right-of-use assets	21.60	199.52

(ii) Amounts recognized in Statement of Profit and Loss

(Amount in Rs. Lakhs)

Particulars	For the year ended 31st March 2024	For the year ended 31st March 2023
(a) Interest on lease liabilities	22.14	6.15
(b) Depreciation charge of Right-of-use asset	78.18	51.33

(iii) Amounts recognized in Statement of Cash flows

(Amount in Rs. Lakhs)

Particulars	For the year ended 31st March 2024	For the year ended 31st March 2023
Total cash outflow of leases	70.73	76.88

(iv) Maturity analysis - Contractual undiscounted cash flow

(Amount in Rs. Lakhs)

Particulars	As at 31st March 2024	As at 31st March 2023
(a) Less than one year	13.18	27.16
(b) Between one to three years	67.25	183.16
(c) More than three year	-	20.85
	80.43	231.17

(v) The rate used for discounting lease liabilities is 8%.

(vi) The disclosure required by Ind AS 116 – "Leases": The Corporation has taken various offices and residential premises under operating lease. These are generally not non-cancellable and range between 11 months to 3 years and are renewable by mutual consent on mutually agreeable terms. The Corporation has given refundable, interest free security deposits under these agreements. Lease payments are recognized in the Statement Profit and Loss Account under 'Rent'.

35 Maturity analysis of assets and liabilities

The table below shows an analysis of assets and liabilities analysed according to when they are expected to be recovered or settled:

36 Financial Risk Management

Financial risk management objectives and policies

The Company has operations in Kerala, India. As a financial lending institution, the Company is exposed to various risks that are related to lending business and operating environment. The Company's activities expose it to credit risk, liquidity risk and market risk.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles. The Company is exposed to following risks:

1. Market Risk
2. Liquidity Risk
3. Credit Risk
4. Operational and business Risk

1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises Interest rate risk. A major portion of the Company's assets and liabilities are interest bearing. Interest rate risk is managed by way of regular monitoring of all interest rate bearing assets and liabilities. The major portion of Company's assets and liabilities are on fixed interest rate basis and hence not subject to interest rate risk.

2 Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its financial obligations on time. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. Ultimate responsibility for liquidity risk rests with the board of directors. The company manages by continuously monitoring forecast and actual cash flows and by matching the maturities of financial liabilities.

The table below summarizes the maturity profile of the Company's financial liabilities as at reporting date.

Particulars	Within 12 months	After 12 months	Total
As at 31 March 2024			
Trade Payables	87.78	-	87.78
Borrowings (Other than Debt Securities)	8,098.09	1,38,413.24	1,46,511.33
Other financial liabilities	640.98	653.36	1,294.34
Total financial liabilities	8,826.85	1,39,066.60	1,47,893.45
As at 31 March 2023			
Trade Payables	76.41	-	76.41
Borrowings (Other than Debt Securities)	41,663.24	1,04,355.50	1,46,018.74
Other financial liabilities	494.00	842.14	1,336.14
Total financial liabilities	42,233.65	1,05,197.64	1,47,431.29

3 Credit Risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and by monitoring exposures in relation to such limits.

The company assesses and manages credit risk based on company's internal policies. The company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

KERALA STATE BACKWARD CLASSES DEVELOPMENT CORPORATION LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2024

3(A) Impairment Assessment

The company assesses the impairment of loan assets under ECL Model, the loans have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial instrument.

The Company has calculated ECL allowance using three main components: exposure at default (EAD), probability of default (PD) and loss given default (LGD) using the below methodology:

$ECL = \text{Exposure at Default} \times \text{Probability of Default} \times \text{Loss Given Default}$

- **Exposure at default (EAD):** EAD represents the gross carrying amount of the financial assets subject to the impairment calculation. The Company determines EAD as gross carrying amount as at reporting date including interest accrued.

- **Probability of default (PD):** The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Company uses historical information wherever available to determine PD.

- **Loss given default (LGD):** LGD is the estimated loss that the company might bear if the borrower defaults. The LGD determined is common for all three Stages and is based on historical recoveries of the credit impaired accounts.

- **Default:** The company considers a financial instrument as defaulted and therefore Stage 3 (Credit impaired) for Expected Credit Loss (ECL) calculations in all cases where the borrower becomes 90 days past due on account of its contractual payments or for which there is an objective evidence of impairment.

Significant increase in credit risk

The Company continuously monitors all the assets subject to ECL in order to determine whether there has been a significant increase in credit risk since initial recognition. This is performed by monitoring the days past due as on reporting date. In assessing the impairment of financial assets under Expected Credit Loss (ECL) Model, the assets have been segmented into three stages. These three stages reflect the general pattern of credit deterioration of a financial asset. Classification into these three stages is based on fulfilment of following conditions:

Stage 1 - Exposures with days past due less than and equal to 30 days and with no significant objective evidence of impairment is classified as Stage 1. The allowance will be based on 12-month PD, based on default events possible within 12 months after the reporting date.

Stage 2 - Exposures with days past due more than 30 days but upto 90 days will be treated as significant increase in credit risk and are classified as Stage 2, on which a lifetime ECL is recognized.

Stage 3 - Exposures with days past due more than 90 days or with significant objective evidence of impairment will be treated as credit impaired and are classified as Stage 3.

Movement of expected credit loss on loan assets

Particulars	As at 31 March 2024			
	Stage 1	Stage 2	Stage 3	Total
Expected credit loss opening balance	661.45	944.84	7,188.65	8,794.94
Expected credit loss new asset originated (net of repayment)	1,044.25	11.31	23.83	1,079.39
Expected credit loss reversed on asset derecognised or repaid	(705.42)	(28.42)	(163.01)	(896.85)
Transfer to Stage 1	232.87	(143.88)	(88.99)	-
Transfer to Stage 2	(8.27)	15.87	(7.60)	-
Transfer to Stage 3	(1.83)	(68.45)	70.28	-
Impact on year end ECL exposures transferred between stages	1,150.08	(444.74)	(194.29)	511.05
Expected credit loss closing balance	2,373.13	286.53	6,828.87	9,488.53

3(D) Collateral held and other credit enhancements

Collateral is an important risk mitigant of credit risk. Although collateral is an important risk mitigant of credit risk, the Company's practice is to lend on the basis of assessment of the customer's ability to repay than placing primary reliance on collateral. Depending on its form, collateral can have a significant effect in mitigating the Company's credit risk.

4 Operational and Business Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorization and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2024

37 Fair Value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Fair values hierarchy

The fair value of financial instruments has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

Valuation framework

The fair valuation of the financial instruments and its ongoing measurement for financial reporting purposes is ultimately the responsibility of the management. The management ensures that final reported fair value figures are in compliance with Ind AS and will propose adjustments wherever required.

A. Valuation methodologies of financial instruments measured at fair value

For investments at fair value through profit and loss, valuation is done using quoted prices from active markets at the measurement date.

There are no such investments outstanding as at March 31, 2024 and March 31, 2023.

B. Valuation methodologies of financial instruments not measured at fair value

Fair value of instruments measured at amortised cost

Fair value of instruments that are initially measured at fair value and subsequently carried at amortised cost is disclosed as follows. This table does not include the fair values of investments in subsidiary measured at cost.

Particulars	Level	As at March 31, 2024		As at March 31, 2023	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Cash and cash equivalents	1	3,890.43	3,890.43	11,003.29	11,003.29

Total CRAR	20.20%	24.19%

"Tier I Capital" means owned fund as reduced by investment in shares of other non-banking financial companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

"Owned fund" means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

Aggregate Risk Weighted Assets - Under RBI Guidelines, degrees of credit risk expressed as percentage weightages have been assigned to each of the on-balance sheet assets and off-balance sheet assets. Hence, the value of each of the on-balance sheet assets and off-balance sheet assets required to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. The aggregate shall be taken into account for reckoning the minimum capital ratio.

b. Investments
